Imprime ambas hojas al 100 %. Recorta los 24 rectángulos por el borde.

Pégalos sobre cartulina opaca idéntica: no se deben distinguir por detrás.

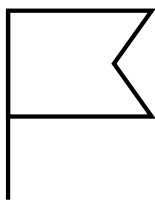

Mezcla y coloca boca abajo. En cada turno destapa dos cartas.

Si coinciden, guarda la pareja y repite; si no, vuelve a taparlas.

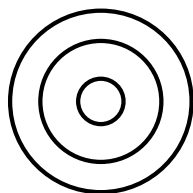

Gana quien reúna más parejas. Para empezar, usa solo 4 o 6 parejas.
